

Mission

We connect people with information, ideas and experiences to support an enriched and engaged community, one person at a time.

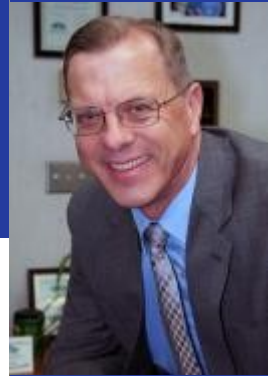

Vision

All Washoe County residents benefit from the Library's support of literacy and self education.

A WORD FROM THE DIRECTOR

The 2012-13 year was one of technology connections, community connections and individual connections.

Through e-Book Cafés, Computer Classes, more than 250 public computers and wireless hotspots, our staff assisted thousands of you in using technology to change your lives. Skilled staff storytellers and collaborations with performers and local organizations made it possible for us to provide educational and cultural programs attended by over 94,000 people. Each of our 1.2 million visitors represents an individual who took advantage of library materials, attended a program, learned something new, or just came in to see what we were all about. Were you one of them? If not, I personally invite you to come check out what your library has to offer.

My heartfelt thanks go out to the Library Board, to our dedicated Friends of Washoe County Library, Library Staff and our dynamic volunteers. Their support continues to be invaluable.

Arnie Maurins, Library Director

“After serving on the Citizens’ Committee on the Future of Washoe County Library, and as the Library Board Chair this past year, I am proud to be working with the Board and staff towards a vision of innovation and creativity in library services. Each of the 12 libraries offers a unique experience reflective of the community and the individuals who work there.”

Library Support

Private giving to the public library is an American tradition going back to Benjamin Franklin and Andrew Carnegie — and more recently Bill Gates. Community Foundation of Western Nevada Annual report highlighting the Friends of Washoe County Library

The Friends volunteer organization works tirelessly to raise money in support of library services and programs as they strive to connect people to foster our enriched and engaged community. Please join me in enjoying the many libraries we are fortunate to have throughout Washoe County.

Mary Jones
President, Friends of
Washoe County Library

Friends of Washoe County Library

The Friends of Washoe County Library was founded in 1981 and works actively to strengthen public libraries in Washoe County.

Through their projects, the Friends strive to give children an educational head start, encourage literacy and foster lifelong learning and recreation for adults.

Since the Friends were founded, they have donated over \$2 million dollars to the Washoe County library. Join us today!

Second Century Endowment Council

The Second Century Endowment Council is a sub-committee of the Friends of Washoe County Library that manages the Endowment Fund. The purpose of the Endowment is to ensure that there will be adequate additional funding to the Washoe County Library for support of items not funded in the Library's Budget.

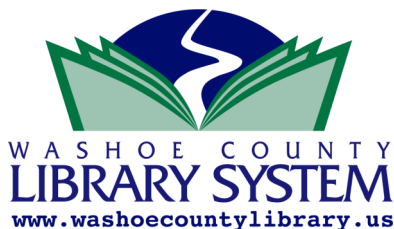

In 2013 the Friends and the Endowment Council have awarded the Library System \$114,600 and the Friends continue to raise money for the future of our library system!
