

3D Noodle Christmas Tree

Holiday Craftapalooza

This fun Christmas craft, presented by Samantha from Sierra View Library, is part of our Holiday Craftapalooza program as seen on Facebook, December 9-13, 2020.

Step-by-step instructions

Step 1: Begin by tracing a circle using your bowl and pen.

Step 2: Cut your circle out and cut a line into the middle.

Step 3: Fold your circle into a cone and glue it.

Step 4: Begin gluing the noodles on with the hot glue gun with an adults help.

Step 4: Once all the noodles have been glued on to your cone, gather your paint supplies and start painting your tree.

Optional additions:

If you are a little older and have an adult's permission and help you can also use spray paint for your tree instead of painting each individual noodle.

You can use small beads to decorate your tree by gluing them on to the noodles so that they look like little ornaments.
