WASHOE COUNTY LIBRARY SYSTEM washoeCountylibrary.us
The U.S. Constitution requires a count every 10 years of every person living in the United States. Census results determine how the federal government allocates more than $800 billion each year for services that communities rely on.

Census data also determines representation in Congress and the Electoral College, as well as in state and local governments.

Beginning March 12, 2020, the Census Bureau will mail every household in the United States an invitation to respond to the census, including a new option to respond online. Remember, you can visit any Washoe County Library to use computers to complete the Census. Library staff will be on the front lines to help you get started.

The 2020 Census is here!

Spring Food for Fines is back! Beginning April 1 through April 30, 2020, patrons can bring cans or boxes of non-perishable food to all Washoe County Library System locations in lieu of overdue fines to support efforts to combat hunger in our community. Washoe County Library patrons are asked to bring one non-perishable food item for every overdue book or other item. (Food cannot be exchanged for lost or damaged library materials.)

Donated food will be delivered to the Food Bank of Northern Nevada. Donations made at the Incline Village Library will help support Project MANA.

PBS Reno and the Community Foundation of Western Nevada, along with nonprofit sponsors present a series of free, in-depth workshops on estate planning. Learn how to take charge of your own estate.

Wednesdays March 25–May 13, 2020
Time: 10:30 am–Noon and 1:30–3 pm
Classes are held at the Sierra View Library
Reno Town Mall, 4001 S. Virginia Street
Call 775-333-5499 to reserve your seat.

**KIDS CAFÉ**

Washoe County Library System has partnered with the Food Bank of Northern Nevada to provide the Kids Café Free Meals Program at three library locations.

Kids Café is a program that offers free meals to children after school and throughout the year. The Kids Café program is designed to help fill the meal gap while children are out of school, so that they can get back to just being a kid. All Kids Café meals are available to all children between the ages of 1 and 18 and are always free.

Hello and welcome to the Spring edition of the Washoe County Library System Explorer. This issue is filled with special activities for Spring Break, including the return of the Kids Café free meals program. It’s also a great opportunity to commemorate Older Americans Month in May. We encourage and invite you to help us celebrate the countless contributions that older adults make to our community.

Washoe County Library System is proud to offer a wide variety of innovative programs and services for patrons of all ages. We’ll be hosting the Family Estate Planning Workshop Series starting in March, and the Food for Fines program throughout the month of April. National Library Week is happening April 19-25, and you can take part in the annual week-long celebration by visiting your public, school, or academic library. Stop in and see what’s new!

Did you know that 2020 is a census year? It’s also the first year the census will be conducted primarily online. An accurate census count of all Nevada residents will help influence policy-making, funding, and planning for the next decade. We proudly offer free access to computers, and I encourage everyone to come into the library and be counted during the 2020 census.

It’s also an election year! We’ll be offering early voting at many of our library branch locations from May 23-June 5. There is so much happening this Spring! Check out the brochure and find out about everything we have to offer. Thank you for being a library patron!

THE FRIENDS OF WASHOE COUNTY LIBRARY

Backed by a belief that libraries are uniquely democratic, the Friends of Washoe County Library helps to promote, advocate, and seek funding to support the services, programs, and collections of the Washoe County Library System. Through its projects, this organization strives to give children an educational head start, encourages literacy, and fosters lifelong learning and recreation for adults. As an all-volunteer organization, the Friends of Washoe County Library raises money for the library system through periodic book sales, memberships, donations, and investments.

ONLINE RESOURCES

The Washoe County Library System offers free online access to The New York Times, both remotely and in the library. Our subscription allows you to read the current issue and all digital content. (The Times Cooking and Crossword are not included in this subscription.)

To access The New York Times from outside the library:

► On the downloads page click on the remote access button.
► This will take you to The New York Times access code redemption page, where you will click “Redeem.”
► On the next page, register with your personal email address. If you have already created an account, just click “Log in.” To protect your privacy, we recommend that you do not use the Facebook or Google registration/login methods.

Once you are logged in, you will receive an email confirming you will receive digital access to The New York Times for 72 hours. Once this access expires, you can simply repeat the process above to get another 72 hours. There is no limit to the number of access codes you can redeem, so you can continue to read The Times whenever you want, for as long as you want.

The U.S. Constitution requires a count every 10 years of every person living in the United States. Census results determine how the federal government allocates more than $800 billion each year for services that communities rely on.

Census data also determines representation in Congress and the Electoral College, as well as in state and local governments.

Beginning March 12, 2020, the Census Bureau will mail every household in the United States an invitation to respond to the census, including a new option to respond online. Remember, you can visit any Washoe County Library to use computers to complete the Census. Library staff will be on the front lines to help you get started.

Census responses are confidential. U.S. law strictly prohibits the Census Bureau from sharing personal census responses with anyone—including law enforcement, courts, or any other government agency. For more information, go to https://www.2020census.gov/

Spring 2020

Spring Food for Fines is back! Beginning April 1 through April 30, 2020, patrons can bring cans or boxes of non-perishable food to all Washoe County Library System locations in lieu of overdue fines to support efforts to combat hunger in our community. Washoe County Library patrons are asked to bring one non-perishable food item for every overdue book or other item. (Food cannot be exchanged for lost or damaged library materials.)

Donated food will be delivered to the Food Bank of Northern Nevada. Donations made at the Incline Village Library will help support Project MANA.
